Resep Indonesia

Have a go at creating this recipe together at home and please send us your photos of your *makanan* (food) and we will choose the best to feature in the next Indonesian newsletter segment.

Dadar Gulung- (Green Pancakes with Coconut and Sugar)

Pancake	Filling
½ cup flour	½ cup palm sugar or brown sugar
pinch salt	
2 eggs	1 cup dessicated coconut
1 cup milk	75ml water
2 Tblspn oil	Pinch salt
Green food colouring or preferably green pandan essence	

Cara Masak - Method

1. Combine flour, salt eggs food colouring in a mixing bowl and mix well so there are no lumps.
2. Combine palm sugar, salt, water and coconut in the frypan. Fry over low heat stirring continuously until the water has largely evaporated. Remove from pan & cool.
3. Heat oil in fry pan.
4. Pour in a small ladle of mixture and cook until the top is set, flip and repeat for the other side.
5. Remove from heat and place on paper towelling.
6. Repeat with remaining batter until all used.
7. Place a tablespoon of coconut filling in the centre of each pancake. Fold at the edge and roll into tube shapes. *Makan dan menikmati!* Eat and enjoy!

Cyber Safety

On Friday 16 March 2018, Australian schools stood united in their communities to celebrate the eighth National Day of Action against Bullying and Violence (NDA). The National Day of Action is Australia's key anti-bullying event for schools and in 2018,

At WTPS our students in year 3 to 7 explored what it means to be **reasonable and ethical online**. As part of their learning, students generated and critically evaluated reasonable and ethical behaviours that make online environments more respectful and supportive, for themselves and others.

When you share things online you may be sharing with people you do not know or trust. Once a message, photo or video has been shared, you also won't be able to control where it goes.

Cyber safety and cyber bullying are quickly becoming one of our main concerns as parents and educators and the more information we can provide to our children the more informed they will be.

Top tips for keeping safe online:

What do I need to know about safe social networking?

Limit your friend list: don't 'friend' random people.

Protect your privacy: don't share your password and set your profile to private.

Your personal details are valuable: don't share them.

Protect your reputation: keep it clean and ask yourself, would you want others to see what you upload?

Be careful who you trust: a person can pretend to be someone they are not.

Don't use a webcam with people you do not know.

Think before you post, chat, upload or download.

Hi parents and carers!

We're writing from Camp Quality to let you know that our Primary School Education program has been invited to perform at your child's school.

Camp Quality is Australia's most trusted children's charity. Our purpose is to create the best quality of life for kids living with cancer and their families. At no cost to schools, parents or students- our vivacious and loveable puppets, Kylie, Dean and Melissa visit schools to help support children affected by cancer. The puppets dispel myths and misconceptions that are commonly associated with the illness. Since 1988 our program has visited schools across Australia, sharing an interactive, engaging narrative that explains:

- The ins and outs of cancer
- Why their peer who has undergone treatment may look a little different (due to the side effects of chemotherapy)
- Why it's important to be supportive of their classmate who is either living with cancer or has a diagnosed parent or sibling
- That cancer isn't contagious, so it's ok to play
- The importance of positivity and recognising our own strengths

"It took away the stigma and fear from cancer. As we have a student at our school being treated for leukaemia, it helped the children understand what she is going through and why she has lost her hair. Having an understanding of the disease has certainly increased the empathy in the other children too." - Primary school principal

"The manner in which the show addresses cancer is age appropriate while clearly articulating the facts. It has helped me to be able to talk about cancer in a positive and reassuring manner"- Primary school teacher

Following the performance, students are encouraged to ask questions and share their concerns. While we are able to answer most of their questions and concerns, we provide teachers with resources to supplement the performance and aid classroom discussion. If any concerns arise after the performance, please feel free to contact us.

If you would like more information about the program or would like to see a clip of our puppets in action, please visit www.campquality.org.au/for-teachers. You're also welcome to contact our puppet team by emailing us at Kylie@campquality.org.au or by calling 1300 662 267.

As a not-for-profit charity, all services come at no financial cost to the families we support. Thus, we rely heavily on the generosity of everyday Australians to keep our programs running. To donate, please visit our website.

Need help talking about cancer at home?

The Kids' Guide to Cancer app has been developed to support children age 8-13 who have a parent, sibling, friend or loved one with cancer. Providing them with age appropriate information, the app answers some of the big questions kids have about cancer and gives them ideas on how they might be able to support their loved one. www.campquality.org.au/kidsguidetocancer
